

Vanguard 400-CDMA Product Transition to EOL

EOL NUMBER
180228-13[Product Notice: VG-400 CDMA \[EOL-180228-13\]](#)**PCN Type:** EOL Notice**Reason:** Successor Product Introduction**Vanguard 400 CDMA Product Transition to End of Life (EOL)**

This letter serves as notice that CalAmp has reached a transition point in the lifecycle of the Vanguard 400 product series, which will retire Verizon CDMA models and introduce LTE successor models with updated technology and superior performance.

[Effective Changes](#)

CalAmp is positioned to officially discontinue the following part number:

EOL Part Number	Successor Part Number	Availability	Remarks
VG400-CDM-xxx*	VG5530-xxx-F	Released	Functional Replacement ¹

* includes all customer-specific SKU / configurations and derivatives.

[1] Functional equivalent product; may contain additional or different features/specifications

[Recommendation](#)

Per Verizon's announcement to sunset their CDMA network, CalAmp recommends customers anticipate phasing out of Verizon's support for CDMA (1xRTT 2G and EvDO 3G) devices and prepare for LTE based successor products, as they become available. CalAmp expects the volume of change requests to be higher than normal and recommends customers plan for longer approval times on Customer Release Authorization Form (CRAF)—requests, if required. In addition, to accommodate and prepare for requested orders, all customer forecasts are to be submitted *no later than* **03/16/2018**.

[Effectivity](#)

CalAmp will try to accommodate all customer requests; however, once current stock levels have been depleted, the current Vanguard-400 CDMA models (noted EOL part numbers) will no longer be available to order, as they will have been replaced with the new successor LTE models.

Refer to the following table for the product purchase EOL timeline:

Notice	Date	Remarks
Last Time Buy	04/30/2018	All orders for EOL SKUs are due by this date and are non-cancelable and non-returnable (NCNR)
Last Time Ship	06/15/2018	All orders placed on LTB date must ship no later than this date.

[Contact and Support](#)

CalAmp appreciates and values your continued business relationship and we look forward to your future interest in our outstanding product portfolio. Please contact your CalAmp sales or support representative with any questions you may have.
