

# CalAmp Telematic Services 5.47 Release Notes

## 5.47 FEATURE SET

CalAmp is proud to announce CalAmp Telematic Services release 5.47. Its new and enhanced features are described in this document.

**NOTE:** CalAmp system administrators assign user profiles to each user in an organization. Different features will be available to you based on these profiles, so you may not have permission to access everything listed in these notes. If you need to be able to use something you don't have privileges for, contact your internal system administrator for assistance.

5.47 FEATURE SET.....	2
Removed the CrashBoxx AI Crash Report Purchase Link.....	3

---

### Removed the CrashBoxx AI Crash Report Purchase Link

For CrashBoxx AI customers, we removed the Click Here to Purchase the Accident Reconstruction Report link from the First Notice of Loss page that launches from the text alert sent when crash detection occurs (as incident reports are included with the service).

## SUPPORTING YOUR SOLUTION EVERY TIME. ALL THE TIME.

CalAmp does more than provide you with application services – we also supply you with an always-available resource for attention, answers, and insights if you have questions about your solution.

CalAmp's Technical Support team stands beside you to ensure that any concerns you have with any element of your solution – application, hardware, or operations – are addressed quickly and completely.

You can contact the Technical Support team via email at [solutionsupport@calamp.com](mailto:solutionsupport@calamp.com).
