DM-CTC 3.18 Release Notes

3.18 FEATURE SET

Fix: Device Details Page Not Updating Job Status Correctly l

Device Details job state now accurately reflects the current job status across all views, resolving cases like where "Pending" was shown for "In Progress/Throttled" ensuring consistent visibility and proper handling of cancel actions.

Performance Improvements

Various load management enhancements.

SUPPORTING YOUR SOLUTION EVERY TIME. ALL THE TIME.

CalAmp does more than provide you with application services – we also supply you with an always-available resource for attention, answers, and insights if you have questions about your solution.

CalAmp's Technical Support team stands beside you to ensure that any concerns you have with any element of your solution – application, hardware, or operations – are addressed quickly and completely.

You can contact the Technical Support team via email at solutionsupport@calamp.com.
