

Cal/Amp[®] Telematics Cloud[™]

DM-CTC 3.30 Release Notes

3.30 FEATURE SET

Improvement: Improved job search filtering and aggregation

Improved job search functionality by enhancing aggregation capabilities to include filtering by command type. This provides better visibility into job activity, enabling more efficient filtering and analysis across different job types.

SUPPORTING YOUR SOLUTION EVERY TIME. ALL THE TIME.

CalAmp does more than provide you with application services – we also supply you with an always-available resource for attention, answers, and insights if you have questions about your solution.

CalAmp’s Technical Support team stands beside you to ensure that any concerns you have with any element of your solution – application, hardware, or operations – are addressed quickly and completely.

You can contact the Technical Support team via email at solutionsupport@calamp.com.
