

DM-CTC 3.37 Release Notes

3.37 FEATURE SET

Fix: Resolved Secure Device Profile Delivery

Resolved an issue where device profile downloads could use an incorrect protocol when secure download support was available. Devices that support secure communications now receive profile updates using the appropriate secure protocol (HTTPS).

SUPPORTING YOUR SOLUTION EVERY TIME. ALL THE TIME.

CalAmp does more than provide you with application services – we also supply you with an always-available resource for attention, answers, and insights if you have questions about your solution.

CalAmp's Technical Support team stands beside you to ensure that any concerns you have with any element of your solution – application, hardware, or operations – are addressed quickly and completely.

You can contact the Technical Support team via email at solutionsupport@calamp.com.
